### **New Configuration for the Auxilium School**

**Newton, NJ, March 28, 2017**—Forty years ago, the *Auxilium School*, formerly known as *Camp Auxilium Learning Center*, opened its doors to preschoolers, offering a learning environment rich in faith and family spirit. In 2011, the Salesian Sisters expanded the program to include daycare for Infants and Toddlers.

The costs of providing a quality Infant and Toddler Program at the Auxilium School have become unsustainable. Therefore, effective August 18, 2017, the Infant and Toddler Program will end.

The preschool will continue to offer its well-rounded academic program preparing two-and-a-half, three, and four-year-olds for Kindergarten on its spacious property. The Summer Camp at Camp Auxilium will also continue with its vibrant and popular day program that serves the needs of local girls ages 4 to 14, and boys ages 4-12.

The Salesian Sisters look forward to further developing these programs and exploring new ways to serve young people in Sussex County on this site.
